AMC 360 FLUSH-MOUNT SPEAKER

GREAT SOUNDING FLUSH-MOUNT SPEAKER PERFECT FOR MUSIC, AND 5.1 HOME THEATER

The Snell AMC 360 brings Snell's celebrated sound quality to the in-wall category of loudspeakers. Voiced to match all Snell speakers, the AMC 360 virtually disappears when mounted in a wall or ceiling, yet conveys the presence and authority of its conventional siblings. Attention to detail and quality of construction make it a true value for the serious music lover who demands wide bandwidth, low distortion and impressive dynamics. The AMC 360 utilizes a high power handling 5 1/4-inch woofer and a ferrofluid cooled 1-inch textile dome tweeter, hand tuned with a high order crossover for smooth response and wide dynamic range. Its clever mounting system allows easy installation throughout the home without visual distraction.

AMC 360

SPECIFICATIONS

Frequency Response

65Hz-20kHz ± 3 dB anechoic

Recommended Amplifier Power

10 to 100 watts

Nominal Impedance

8 ohms

Sensitivity

90dB
